"The art world has changed so much. It's so international these days, and it just seems so endless and huge. I don't know how one can handle all of this information. There's so much to see and so much to think about. Sometimes it just seems so overwhelming, but at the same time, it's incredibly interesting. I think I'm always optimistic about art, because what would happen to us without it?"

The idea for Creating this unique online group came from Mirzapur, Uttar Pradesh, India where a piece of ancient evidence found of Drawing and Paintings from pre-historic time, But no one biggest artist and art form shine till today from this place. Bindaas Artist Group (BAG) was established in 2009 in Mirzapur, Uttar Pradesh, India as a pioneering initiative aiming to create a platform for dialogue, networking, and knowledge sharing among contemporary art exhibitions around the world. Bindaas Artist Group for Indian Art is dedicated to fostering exploration, understanding, and enjoyment of the visual arts of India for national and international audiences. Recognizing the importance of experiencing original works of art, the foundation provides opportunities for interaction and showcase of work, beginning with the presentation and growth of its own art collection in India. To further cross-cultural dialogue on Indian art, the foundation supports and collaborates on innovative online Art exhibitions, Art competition, and promotion programs. Implicit in such activities is the belief that art has the potential both to distinguish cultures and to unite them.

Congratulations to all the selected artists.

*We wish all selected artists a great success in your creative endeavours' as
an accomplished artist in forthcoming years.*
